THINK PAIR SHARE

THINK

- Provides valuable thinking time for all

PAIR

- Low risk/high success ratio
- Explanation/Consolidation

SHARE

- Shared accountability
- Values different perspectives

JIGSAW

STEP ONE - Allocate groups

- Mixed ability, random or ability grouping

STEP TWO - Assign roles

- Level of task difficulty pre-assessed
- Only one task to focus on

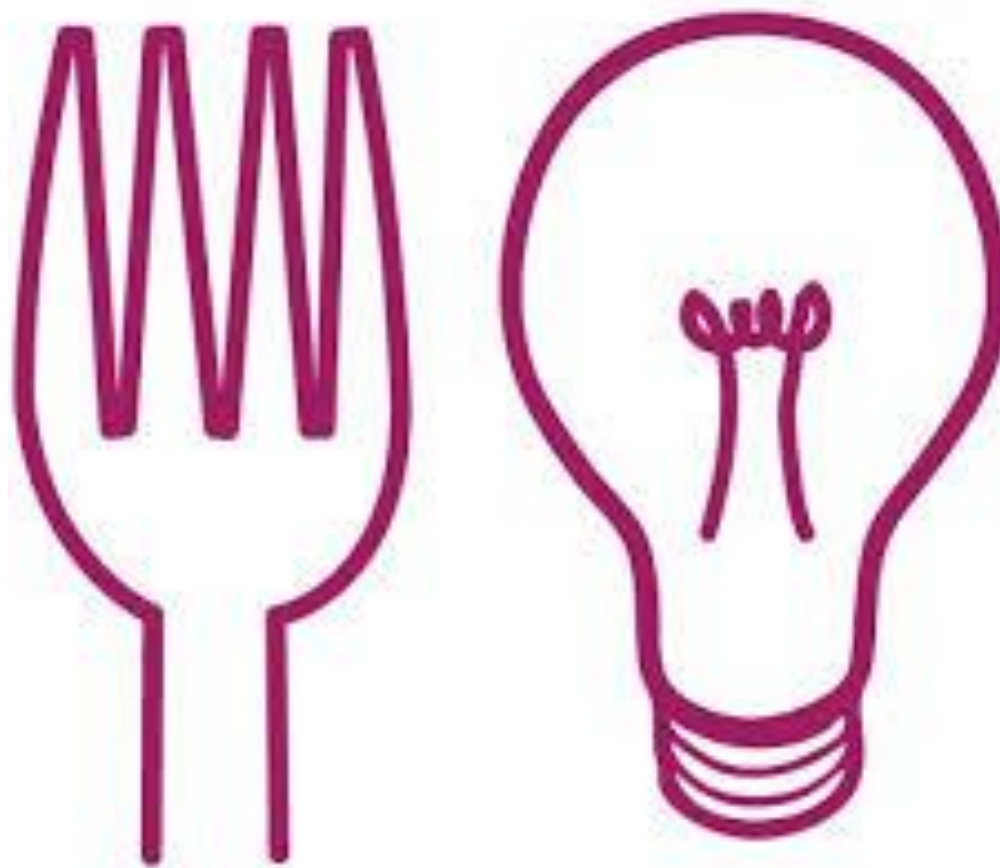

STEP THREE - Task experts work together

- Low risk/high success
- Shared accountability
- Values different perspectives
- Check and confirm understanding

STEP FOUR - Experts share information with original group

- All member contributions are of = value
- Quality, cross checked accurate, 'deep' information
