which have been produced for the English learning area course ("our work").

The school gives permission to the English Teachers Association of Western Australia (ETAWA) to include our work in research undertaken by ETAWA in carrying out its functions relating to developing 'best practice' marking methods and the development of resources and publications, on the following terms:

1. ETAWA will not identify any staff members or school name, and will remove from our work anything which would identify us or the school before using our work.
2. ETAWA may make our work available, in whole or in part, in print and electronic formats, and may also make our work available in whole or in part on the ETAWA website.
3. The resources in which our work is included may be copied, or communicated on an intranet, for non-commercial purposes in Western Australian schools.
4. **If applicable, I have provided source information for all third-party copyright material included in our work, and I agree that ETAWA may remove such material from my work.**
5. This permission continues indefinitely until the school revokes it by notifying ETAWA in writing that it no longer wants our work to be used by ETAWA.
